

2020 is a game changer for small businesses, are you ready?

The Nucleus in association with [Barclays Bank UK PLC](#) and [Adams & Moore Accountancy](#) invite you to an information and networking event on the 28th of January from midday to 2pm. We will look at how cyber-crime is affecting us all and how imminent changes to HMRC regulations will change the way small businesses capture data and report taxes to HMRC. You will also be able to ask questions of the presenters, tour the facilities, meet businesses at The Nucleus and have a light bite before you return to work.

Content:

- Cyber fraud - presented by the Digital team at Barclays Bank UK PLC.
- HMRC changes and the impact for all small businesses - Presented by Adams & Moore Chartered Accountants, Tax and Business advisors.
- The Nucleus - Showcase The Nucleus complex.
