

NEW MEMBERS' EVENING 2016

Adams & Moore presented their activities in Lithuania and abroad at 'new members' evening organised by BCCL at DNB Bankas.

The Baltic market is one of the fastest growing in Europe. Therefore, it was a great honour and opportunity when Adams & Moore was asked to present at the British Chamber of Commerce event "New Member Evening" held in Vilnius, Lithuania on 16 November 2016.

Olga Jachimovic, Senior Executive at Adams & Moore, presented at the event, which was aimed at Lithuanian businesses and UK trade partners. Olga provided a brief overview of Adams & Moore's company history and discussed its four core services relevant to corporate and private clients. With experience and expertise in offering services to clients based in the UK and Baltic regions, Adams & Moore has implemented strategies to expand its clientele and enhance its profile in this area.

In conclusion, this event was a great opportunity to meet business interested in entering the UK market or already doing cross-border trading between UK and Lithuania, and we very much look forward to assisting them in any of their financial, tax and business advisory requirements.
